Candidate Interview: Julian Taliaferro written by Newspack Team | April 11, 2006

As part of

Charlottesville Tomorrow's

coverage of the 2006

Charlottesville City Council Elections

, we interviewed each candidate to discuss topics related to quality growth and development. Each candidate was asked the same 15 questions, only some of which were provided in advance. Charlottesville Tomorrow does not endorse candidates or make contributions to political campaigns.

Excerpts from these interviews will be included in our upcoming

Voter Guide

being mailed to Charlottesville voters. In the meantime, we are publishing the complete audio files and transcripts.

This will be as close to a fireside chat as you can get with the candidates before election day!
